SERMON: *Christian*

Perspective on Homosexuality!

TEXT: Acts 5:29

Introduction: Homosexuality as an alternate lifestyle is one of the most explosive issues facing the Church! The church must respond by taking a courageous, intelligent and biblical stand on this issue and halt the erosion of morality in our society. What form should our stand take?

- 1. Our belief system on all matters is gleaned from Scripture (Rom. 1:18-32).**
- 2. Evangelism includes preaching repentance from sin (1 Cor. 6:9-11).**
- 3. We must preserve the Truth of God and guard it against error (Matt. 5:13; 1 Tim. 3:15).**
- 4. The church is not to practice negotiation or tolerance, but confrontation and separation (1 Cor. 5:1-8, 13).**

Conclusion: The need for Christians is to endeavor to make godliness and truth the motivation for existence rather than accommodation and compromise. May the Church in the 21st Century always endeavor to evangelize the lost, edify the saved and help the needy!
