SERMON: We are meant to be Different

TEXT: 1 Peter

Point #1 - When it comes to us being Holy; we must realize that Holiness is not an option. It is mandatory for us as followers of Christ!

Point #2 - As followers of Christ we are to have Different Values, Different Morals, Different Standards, and Different Goals.

Point #3 - I have to share with you that there is a problem when it comes to being different. It truly sets us apart from the rest but God intends for us to be set apart, to be unique and to be different for him.

Point #4 - Let's spend a few minutes truly understanding what it means for us to be different! It's going to take some time for us to understand this.

Point #5 - Our final point; we live different from the world because we are not from this world. This world is not our home; we are just passing through.
